

Outdoor & Wilderness/Search and Rescue (SAR)

Products for signaling, safety and survival.

Orion is the world's largest manufacturer of flares and other signaling and survival products for use in outdoor safety and wilderness safety, including search-and-rescue activities.

We have nearly a century of experience in designing and manufacturing the world's safest, most effective emergency flares and other products designed for use in extreme environments – all quality-engineered and manufactured in the U.S.A.
